Message From the Principal

January has come and gone...but we still have many weeks of winter left. If we experience school delays and/or cancellations, please continue to work with your child at home using their iPad/apps, online programs such as IXL, Acuity, Reading Eggs, etc, or simply reading a good book together.

Our Spring ISTEP+ testing is just around the corner for our third, fourth, and fifth grade students. Testing is currently scheduled to begin during the week of March 2. Third graders will also take the annual IREAD3 assessment in March. IXL and Acuity are great programs to use at home to prepare for testing. (Students use the same login information that they use at school). Remember that it is important that students are present and on time each day for school. Continuous improvement is only possible when we all work together. Your partnership and support is appreciated!

Parents, guardians, or community members wishing to volunteer in the school are encouraged to contact the office at (219) 778-2018. We appreciate the support and commitment to Rolling Prairie Elementary from our families and community members. Working together, our students will certainly achieve success!

Your partner in education,

Becky Bartlett, Principal
